THE APPLIED SCIENTIFIC RESEARCHES DIRECTION
“COGNITIVE MODELING
IN THE PHYSICAL TRAINING AND SPORT” (“NFS”)
OF “SIO "ACADEMY OF COGNITIVE NATURAL SCIENCES””

The developed “The applied scientific researches direction
"Cognitive modeling in the physical training and sport”” (“NFS”)
treats to the applied scientific researches divisions
of “SIO "Academy of cognitive natural sciences”” (“SIO "ACNS””)
as the main component of the system of science and education of the modern country
for the creation, distribution and use of the main and derivative
scientific results of the cognitive modeling technology (CMT) (www.vetrovan.(spb.)ru)
[see the applied scientific researches directions and departments of “SIO "ACNS””]:
1) it is executed by the principle of “administrative-economy submission”;
2) works in the several main directions, which allow to provide
the development of the applied main and derivative scientific results
(my second report on SRW from 2006-2008(9) y. was submitted
to “SPbSETU "LETI”” and “The Government of RF”
for the translation, carrying out of int. action and receiving of “The Nobel Prize”);
3) includes the several various main divisions:
I. “The applied scientific researches department
"Applications of sport, sports sciences and actions”” (“SSSNM”)
*[the applied scientific researches in the area
“Applications of physical training and sport” –
usage of theory of physical training and sport,
usage of theory of the methodological and medical-biological bases
of physical training and sport,
usage of theory of the material-technical base of physical training and sport,
usage of theory of the methodical bases of the kinds of sport and sports competitions,
usage of theory of the cognitive modeling technology
in the applications of physical training and sport]*.

The applied scientific researches directions and departments of “SIO "ACNS””
allow to develop the main and derivative scientific results of CMT.
