

Vetrov Anatoly Nikolaevich

**The features of realization of the innovative integration environment of “SIO "ACNS"”, “SRI "SFA CMT" of "RA(N)S" n. a. Veniaminov V.N.”, “SF "SFA CMT" n. a. Prokopenko N.A.” and “"SPbEC n. a. Brezhnev L.I." at "EAST n. a. Sobchak A.A.””**

the author of the unique cognitive modeling technology  
RF, Saint-Petersburg city, www.vetrovan.(spb.)ru

By “AUT CMT SFA”, acad. of (nat.) sci. (“SIO "ACNS"”) Vetrov A.N. (see www.vetrovan.(spb.)ru) is applied the author's conception of organization of the innovative integration environment, *which acts as the essential strategic component* (at the realization of planning in the long-term and medium-term (horizon of planning)) *and the extremely actually important operational-tactical component* (at the realization of planning in the medium-term and short term (horizon of planning)) *of the modern system of science and education of the post-industrial country, because as the result of effectively (resultatively) and scientifically were reasonably received:*

1) the author's conception and strategy of informatization of economy subjects of scientific-technical and social-economic progress was practically used [the purposes of political and social-economic development of the country(ies) (of the world), regions (constituency), cities (populated area, villages or settlements), areas (edges, prefectures, provinces, volosts or states) and other municipalities *are considered, the local, regional and international programs* of a phased transition to the information (post-industrial) society, the state policy of creation, introduction and use of the automation means taking into account the needs of profit and deficit subjects in (non)production spheres *were considered*]; [by “AUT CMT SFA” Vetrov A.N. and The Government of RF with the support of The President of RF was chosen “The Park of the 50<sup>th</sup>-century of The Great October socialist revolution named after V.I. Ulyanov (Lenin)” for creation, (re)construction and effective use of “SIO "ACNS"”, “SRI "SFA CMT" of "RA(N)S" n. a. Veniaminov V.N.”, “SF "SFA CMT" n. a. Prokopenko N.A.”, “"SPbEC n. a. Brezhnev L.I." at "EAST n. a. Sobchak A.A.”” and the other organizations (in coordination with The Government with the support of The President), *which “are the essential works (valuable monuments)* of architecture, town-planning and landscape-gardening art, besides, the important objects of the historical, cultural, art and scientific heritage for the (non)residents at the international level, act as the essential basis of the federal and international politics and many different programs (actions) in the field of the state and municipal, economic and scientific-technical, educational (social) and cultural, national and international, ergonomic and ecological development of RF and the foreign countries according to the current Constitution of RF and int. laws in the territory of the countries of the world” (see my manuscripts to “The Nobel committee”)];

2) the participation in “The competition n. a. A. Nobel” (The Kingdoms of Norway and Sweden) was continued [from 2008 y. to 2013 y. *was submitted* the first my application and my manuscript from the 25<sup>th</sup> of December 2008 y., from 2008 y. to 2014 y. *was submitted* the second my application and my manuscript with app. from the 24<sup>th</sup> of June 2004 y., the 01<sup>st</sup> of September 2007 y. (with app.) and the 02<sup>nd</sup> of November 2010 y. (with app.) to “The Nobel committee” through The Government of RF and The President of RF for receiving “The Nobel prize” for the purpose of creation of the specified objects)];
